CUSTOMER SERVICE BULLETIN

Problem

The following patches will correct the problems you are having with wide files. The symptoms are Loss of text on printout when text appears ok on the screen and/or Print prompts appear garbled.

Solution

1. Reset your system and insert a Scripsit diskette.
2. Answer the Date prompt.
3. Press HOLD.
4. Answer the Time Prompt.
5. At TRSDOS Ready, carefully perform the following patches.

```
